

Fire Safety

Highfield Level 2 Award in the Principles of Fire Safety (RQF)

This qualification is aimed at anyone involved in the management of fire safety who are based in any area where there is a potential risk of fire.

Learners gaining this qualification will know that fire safety is the responsibility of everyone and will recognise the causes of fire as well as knowing common hazards, the steps in a fire risk assessment and how to reduce the likelihood of fires.

The objective of the qualification is predominantly to support a role in the workplace, however, may also be suitable for younger learners preparing for employment or wishing to progress onto further learning in a related subject.

How long will it take me to achieve this qualification?

The total qualification time (TQT) for this qualification is **7 hours and of this 6 hours** are recommended as guided learning hours.

TQT is an estimate of the **total number of hours** it would take an average learner to achieve and demonstrate the necessary level of attainment to be awarded with a qualification, both under direct supervision (forming guided learning hours) and without supervision (all other time). TQT and GLH values are advisory and assigned to a qualification as guidance.

How is the qualification assessed?

This qualification is assessed by a 45-minute multiple-choice examination, where the learners must answer 12 out of 20 questions correctly to pass.

What next?

Learners successfully completing this qualification may wish to progress onto further qualifications, such as:

- Highfield Level 2 Award in Health and Safety within the Workplace (RQF)

Where can this course be taken?

At our Specialist Training Centre in Pulborough, West Sussex or at a Suitable Business Facility or Training Venue pre-arranged

We also offer Atlantian Solutions Certified Fire Training based on National Occupational Standards and can be adapted specifically to your workplace although certification is not through the RQF Framework.
